

ML Infokiosk 960 indoor

Elegant edge-to-edge glass front panel with thin and minimalist design of housing fits into various interiors.

FEATURES

- **Different commercial grade screen** size options from 32 inch to 85 inch
- **Vandal-proof tempered glass and aluminum housing** with edge-to-edge 6 mm front panel.
- Can be used as digital signage or touchscreen kiosk (typically wayfinder solutions)
- Special kiosk software Sitekiosk and virtual keyboard

OPTIONAL FEATURES

- **Different screen sizes** 32" / 48" / 55" / 65" / 75" / 85".
Different brightness options for internal screens.
- **Wall and freestanding options.** Kiosk screen can be placed vertically (totem) or horizontally.
- **Touchscreen.** Possible to order with different touchscreen options – PCAP or Infrared touch sensors.
- **Branding.** Lot of options to meet your brand style design – custom colours, custom labelling with optional details.
- **Design customization.** We are able to deliver custom designs even for one unit, to integrate additional devices or meet your corporate brand requirements.
- **Connectivity.** Optional wireless network connectivity options (WiFi, LTE) with vandal proof external antenna to provide kiosk connectivity in all possible locations.
- **Computer.** Intel® NUC computer module ensures smooth and fast user experience for detail rich graphics. PC can be configured to meet performance requirements set by application used.
- **Security.** The housing is suited for unattended self-service. Housing can be anchored to floor and is securely lockable with key.
- **Optional devices.** This model can be equipped with RFID, 1D/2D, scanner, smart card reader or other devices at request.

ABOUT US

We are in kiosk production from 1999. Our production and product development process is certified to meet ISO 9001:2015 requirements. We are proud to design our kiosks in-house keeping in mind both aesthetic and functionality.
